Addendum C.2:

Pros and Cons of Changes

Census Date

Pros:

- Changing the Census Date to the Monday of the third week for Full-Term courses and 1/6 of all other courses will allow Rio Hondo to collect FTES on students at an earlier point in the term.
- Rio Hondo would be consistent with Title V (§ 58003.1) regulations.

Cons:

- Faculty do not have as much time to drop students before the Census Date.

First Drop Date: (Drop without W date)

Pros:

- Changing the first drop date to the Friday following the Census date would put the date at the end of a week instead of the beginning which would allow Financial Aid disbursements to be moved earlier in the month.
- Changing the date to the end of a week instead of the beginning of the next week would be easier for students and faculty to keep track of.

Cons:

- Changing the drop date earlier would push faculty to give assessments earlier in the semester; this could be a dramatic shift for some faculty.

Second Drop Date (Last day to drop)

Pros:

- Changing the “Drop with W” to later in the semester would allow students more time to make up for deficient work.
- This change would put Rio Hondo more in line with other schools.

Cons:

- Change would allow students to remain in classes longer than necessary to end up with unsatisfactory marks, possibly hurting their chances to enroll in courses in subsequent semesters.
Addendum D:

Academic Rank

The Executive Committee of the Academic Senate recommends a review of the policies relating to the awarding of academic rank. Several options are available as described below. If Option #1 is chosen, then no further action is required. If other options are chosen, then the following motion will be made by the Executive Committee:

*The President of the Academic Senate is directed to work with the administration to revise Board Policy 4245 to reflect the recommended changes to how academic rank is assigned.*

Option #1

Keep the current policy on academic rank in place.

- The process has worked fine for years, so there is no need to change it.

Option #2

Full-time faculty (including those who are interim or paid through categorical funds) shall be “Associate Professors” for their first four years and then “Professors” afterwards. Part-time faculty shall be “Associate Professors” until they have accumulated a 400% load and then shall be “Professors” afterwards.

- This simplifies the process.
- There is no “academic elitism” for earning a doctorate.
- Part-time faculty are treated the same way as full-time faculty.

Option #3

Full-time faculty (including those who are interim or paid through categorical funds) shall be “Associate Professors” for their first four years and then “Professors” afterwards.
