# Organizational Structure and Governance Manual

January 2014

## President's Message

I believe that collaborative efforts enhance and support student success. The information in this document provides an overview of College organization and governance. It is not intended as a substitute for the Board Policies and Administrative Procedures.

The governance framework facilitates our commitment to genuine participation in our governance processes.

I also believe that Rio Hondo College must maintain operational integrity in non-governance matters. Therefore, the organizational framework outlined herein facilitates ongoing operations within a context of responsible administrative management and collaborative efforts to further the mission of the College.

This *Organization and Governance Manual* is organized into three sections:

- I. Participatory Governance - Participatory Governance is an essential element in the planning and decision-making process. Clearly defined roles and responsibilities make governance transparent and ensure effective participation by stakeholders.
  - College Governance and Communications Flow Chart
  - Overview of the Participatory Governance Framework
  - Governance Councils and Committees

NOTE: Collective bargaining processes and procedures are specifically excluded from governance matters.

II. Administrative Operational Framework - Clearly defined areas of responsibility also acknowledge non-governance management functions essential to efficient and responsible operations.

- College Organizational Chart
- Overview of the District's Management Organization
- Management Councils and Committees

III. Appendix - For reference only. It is important to note that there are other processes, procedures, and protocols not subject to governance review but which are also part of college operations.

This document is reviewed under the general purview of the President's Council, which includes representatives from the Academic Senate, Classified staff, and Administration. In order to reflect new issues and processes, the document will be reviewed and distributed annually.

Teresa Dreyfuss  
*Superintendent/President*

# **Participatory Governance Structure**

The purpose of the Rio Hondo Community College District participatory governance structure is to provide each constituent group the opportunity to participate in the planning process and initiatives, as well as to develop, review, and revise policies and procedures through their representatives.

# Participatory Governance General Principles

---

## Introduction

Participatory governance at the Rio Hondo Community College District is achieved in the spirit of cooperation, collaboration, and collegiality. It promotes the Vision, Mission, and Value Statement as well as the Code of Ethics statement (see appendix) of the College and ensures their achievement through policies and procedures, via a structure of councils, committees, and task forces that have effective processes of planning, implementation, and evaluation.

The purpose of the Rio Hondo Community College District participatory governance structure is to provide each constituent group the opportunity to participate in the planning process and initiatives, as well as to develop, review, and revise policies and procedures through their representatives. Functionally, this is accomplished by councils, committees, and task forces created to formalize collegiality, to facilitate collegial communication, and to resolve issues as close to the point of origin as possible. This structure provides an opportunity for the perspectives of constituent group interests to be considered.

## General Principles

1. All decision making is based on a recognition that the Rio Hondo Community College exists to educate students.
2. All constituent groups have a vested interest and a role in ensuring that Rio Hondo College fulfills the mission defined by the legislature, the State Board of Governors, and the Board of Trustees of the Rio Hondo Community College District.
3. Participatory governance is a method of organized and collegial interaction in which faculty, staff, and students participate in thoughtful deliberation and decision-making, leading to recommendations made to the Superintendent/President, who represents the administration of the District as an agent of the Board of Trustees.
4. Mutual agreement is the goal to be achieved through active participation and collegial interaction by all constituent groups.
5. The most effective means of developing policies and procedures is to provide

opportunity for involvement by the constituent groups affected by the implementation of these policies and procedures.

6. In academic and professional matters, as defined by AB 1725, the Superintendent/President will rely on the advice of the Academic Senate in reaching mutual agreement.
7. Representatives of constituent groups involved in the participatory governance process have the responsibility to keep their respective groups informed of the proceedings and recommendations of governance groups.
8. Individuals not serving as representatives have the opportunity to share concerns with the elected representatives of their constituent groups, with the anticipation that their views will be represented in governance councils, committees, and task forces.

# Councils and Committees Structure

---

**Council** – A council meets on a regular basis and is composed of constituency representatives designated or selected to act in an advisory capacity. A council often directs the work of numerous committees or task forces. Councils at Rio Hondo College include:

- Academic Deans Council
- Administrative Council
- Finance and Business Council
- Planning and Fiscal Council
- President’s Council
- Student Services Program Leadership Council

**Standing Committee** – A standing committee is composed of constituency representatives and considers matters pertaining to a designated charge or subject. A committee reports its recommendations to appropriate representative bodies. Standing Committees at Rio Hondo College include:

- Academic Rank Committee
- ASO Committee
- Basic Skills Committee
- Bookstore Committee
- Commencement Committee
- Curriculum Committee
- Distance Education Committee
- Enterprise Systems Advisory Committee
- Equipment and Technology Committee
- Facilities Committee
- Faculty Awards Committee
- Food Service Committee
- Instructional Technology Committee
- Institutional Effectiveness Committee
- Program Review Committee
- Safety Committee
- Staff Development Committee
- Student Discipline Committee
- Student Success and Support Programs Committee (formerly known as Matriculation Advisory Committee)

- Staffing Committee
- Student Grievance Committee

**Task Force** – A task force addresses special college-wide issues or tasks and meets until the issue is resolved or the task is complete.

**Program Advisory Committee** – A program advisory committee provides recommendations to a single program or event and does not address district-wide issues and/or recommendations.

## Membership

---

The Rio Hondo Community College District management, faculty, classified staff, and students serve on a variety of constituent group District councils, committees, and task forces. Members of the governance groups of the District are determined by position held or through selection by constituent groups. When the appointment is to be made based on the position held by the individual, the specific position is identified in the composition of the group (e.g., Superintendent/President, Academic Senate President, Classified Representative, Associated Students of Rio Hondo College President). When the individual is appointed or elected to represent a constituent group, the following processes are followed:

**Academic Senate/Faculty Appointments** – All Senate/Faculty appointments are made through the Senate.

**Classified Staff Appointments** – All classified staff appointments are made by the CSEA Chapter President and ratified by the Executive Board of the Chapter.

**Student Appointments** – All student appointments are made through the Associated Students of Rio Hondo College (ASRHC). Whenever possible, an elected student member will be asked to serve on the District councils, committees, or task forces. When elected student members are not able to serve, faculty, staff, and students are asked to recommend a student representative. Students who are recommended by staff need to be confirmed by ASRHC.

## **Management/Confidential Council Appointments – All**

Management/Confidential appointments are made by the Superintendent/President in consultation with the President of the Management/Confidential Council.

**Appointments** – Appointments of membership will generally be made in April/May to fill positions which will be vacated the subsequent year. Appointments may be otherwise made at any time deemed appropriate by the participatory governance group.

## **Timeline**

---

**August** – Staff Development Week – Distribution of Organizational Structure and Governance Manual.

**January** – Staff Development Week – Revisions to the Organizational Structure and Governance Manual distributed.

**May** – Representatives from Academic Senate, CSEA, Management/Confidential, and ASRHC participate in the update of Organizational Structure and Governance Manual.

## **Request for New Council/Committee/Task Force**

---

The process used to request additions, deletions, or changes to a council, committee, or task force begins by completing a Request for District-wide Committee/Council/Task Force form available in the President's Office. The completed form is submitted to the Superintendent/President, who has the responsibility to place the request on the President's Council agenda (see appendix).

# Formal Review Process of Governance Committees

---

## Governance Committee Review Process: Timeframe

- Towards the end of the school year in late spring, each governance committee will complete a review process to determine whether or not it fulfilled its mission, realized its vision, and met its goals for that particular year.
- For the purpose of clarification, all governance committees are those listed in the most updated version of the governance manual.

## Governance Committee Review: Questions

- This review will include, but will not be limited to, the following questions:
  - Were good working relationships between your governance committee and other committees established/ continued?
  - Was staff preparation adequate to meet governance committee needs?
  - Were the meetings conducted in a satisfactory manner?
  - What was accomplished and what follow-up was needed?
  - What were the governance committee's strengths and weaknesses?
  - How are identified weaknesses used to make needed improvements within governance committees and decision-making structures?
  - What should be done differently in the following year?
  - How effectively did the governance committee decisions feed into the College's Strategic Planning process?
  - To what extent did you believe your committee's recommendations were incorporated into College decisions?

## Governance Committee Review: Decision Making Model

- Governance committees will conduct their meetings by consensus.

## **Other Steps of the Governance Committee Review Process**

- After having the annual review meeting, the governance committee will send a summary of the survey results to the President's Office so the results of the meeting can be reviewed by the President's Council.
- At the President's Council, there will be an opportunity to discuss the governance committee review summaries. Any edits can be completed or clarifications can be made before updated versions of the review summaries are finalized.
- After the governance committee review summaries are presented, the members of President's Council will be encouraged to share them with their respective constituency groups and with all governance committees.
- The President's Office can include final versions of the governance committee review summaries on the college website under a new link titled "Governance Committee Review Summaries" as well as the college 'p' drive in the Governance Committees folder.
- After these meetings, the chair appointed by each governance committee will complete any necessary follow up tasks that emanate from the review summary.

## **Governance Committee Membership Roster and Minutes**

- Members from each constituency group will be appointed to the governance committees by their respective leadership representatives.
- If there are any changes throughout the semester, the chair of each governance committee will update the roster with appropriate contacts and contact information and will submit the updated roster to the President's Office so that the updated governance manual will reflect current membership.
- If a change in leadership of a governance committee is expected, the outgoing chair or co-chair will meet with the incoming chair or co-chair to share institutional knowledge and to help transition for the following year.
- Minutes of all meetings, retreats, planning sessions, etc...held by governance committees will be maintained by the chair and posted to the committee website, if available.

# **College Governance and Communications**

# College Governance and Communications

---

Every Rio Hondo College constituent group has a designated role and opportunity for its representatives to participate in college governance and a reciprocal responsibility to communicate back to their respective members.

Communication is a two-way process. As participants in the governance process, everyone depends upon their representatives to 1) carry representative ideas and opinions forward and 2) to report back to their constituency, sharing what has been learned and decided in the process.

The Organizational Structure and Governance Manual “provides the District’s administrative organization, the process that ensures effective participation in the planning decision-making process, the College’s councils and committees, and their communication and reporting relationships to the administration.”

The Governance Flow Chart appears on the following page and illustrates the relationship of the constituent groups to the Superintendent/President and the Board of Trustees.

The Superintendent/President meets periodically, usually monthly, with the elected representatives of constituent groups. This is an opportunity for elected representatives to engage in one-to-one dialogue about topics of interest and/or concern. It is also their opportunity to voice opinions, and to seek information.

In addition, there are membership positions designated for appointed representatives on the College’s Councils and Committees described on the following pages.

In addition, College news and information is disseminated in a variety of ways:

- The President’s Update is a monthly newsletter, published and distributed electronically. It is also posted on the college website.
- News releases developed and disseminated to local media are posted on the college website.
- The E-messenger is a weekly electronic highlight of news, announcements, and events. All constituency groups have the opportunity to submit a question of the week they would like addressed.
- The Annual Report is a yearly compendium of Rio Hondo College updates and achievements, including financial reports, student profile, and highlights of the

prior year's activities. It is distributed throughout the Rio Hondo College service area.

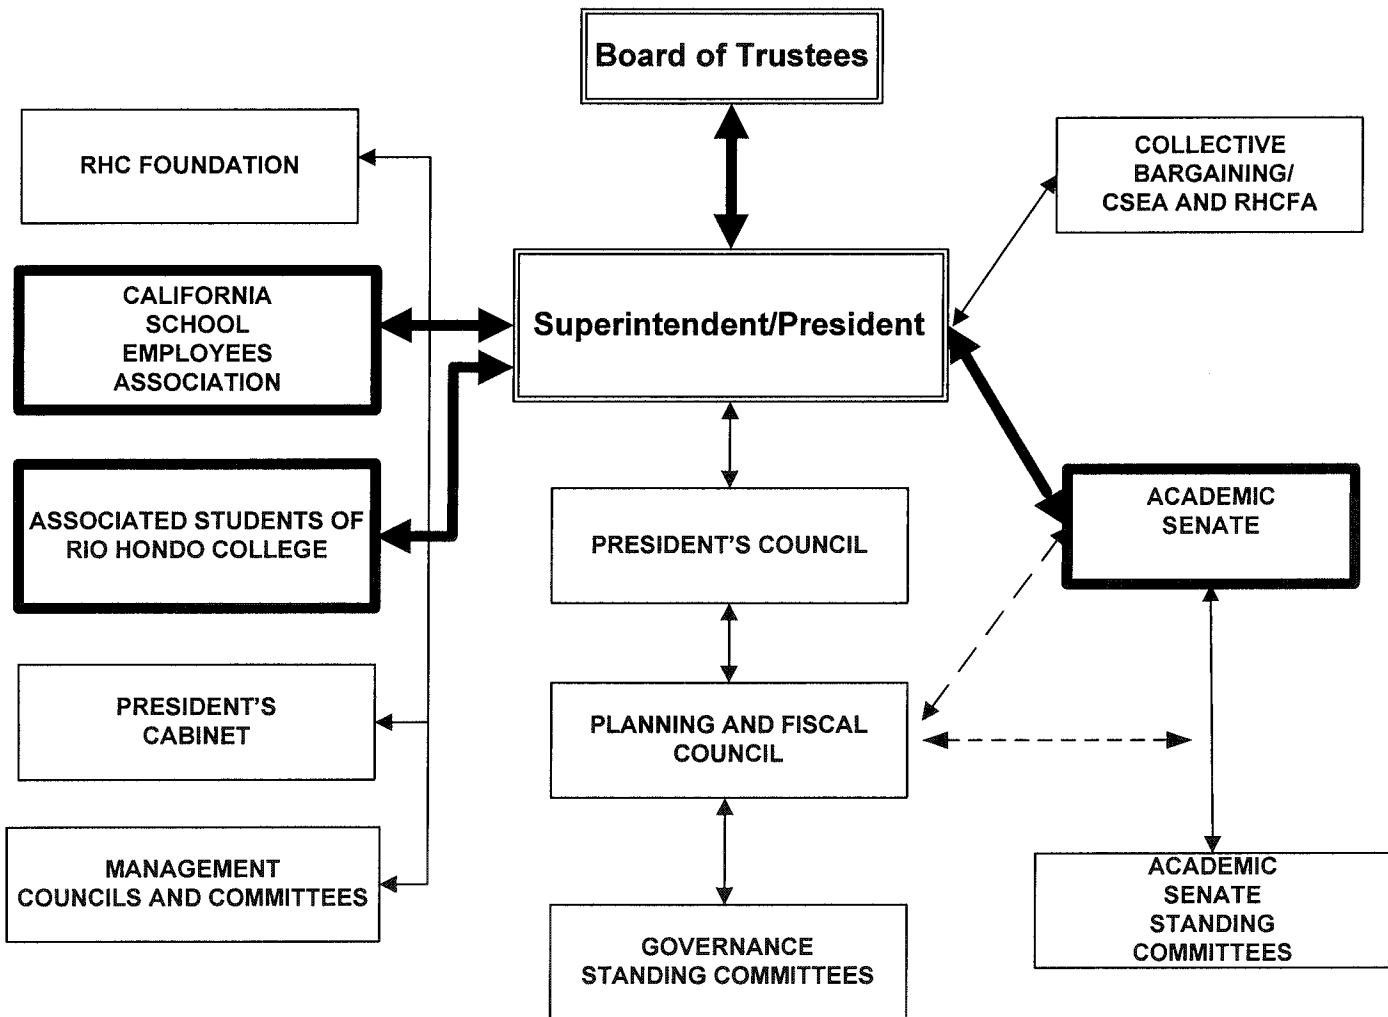

Finally, it is appropriate to suggest that elected representatives develop and share information about the communications mechanism they use to fulfill their communication responsibilities to their respective constituency. What reporting mechanisms are in place, to whom do they report/inform, with what frequency and in which scheduled venues?

I. The Rio Hondo College Board of Trustees is the ultimate decision-maker in those areas assigned to it by state and federal laws and regulations. In executing that responsibility, the Board is committed to its obligation to ensure that appropriate members of the District participate in developing recommended policies for Board action and administrative procedures for Superintendent/President action under which the District is governed and administered.

A. Participatory/Shared governance furthers the Vision, Mission, and Values of the District. In keeping with the spirit and intent of Assembly Bill 1725, the Board recognizes the unique role of the faculty, acting through the Academic Senate, in Participatory/Shared governance at Rio Hondo College. ## Code of Ethics Statement

Ethical persons are those who abide by principles and exemplify virtues as understood within a given moral framework. Many believe that virtue is intrinsically rewarding. At the very least, that one be perceived as ethical is instrumental in establishing credibility and trust. The employees of Rio Hondo Community College District are committed to providing a high quality learning environment to help our students successfully achieve their educational goals and objectives. Accordingly, they have interests in, and commitment to, ethical behavior.

To support this commitment, college employees adhere to standards of ethical and professional behavior related to their duties, and have responsibilities to the institution and to individuals they serve. Although one can not “legislate morality” in the sense of mandating virtuous intentions, we can, and do, establish general expectations of conduct.

There are many sources of inspiration and guidance. All employees of Rio Hondo College are subject to official College policies and procedures, applicable regulatory agency requirements, local, state, and federal laws, and professional standards (when applicable). This includes policies such as the Rio Hondo College Policy on Sexual Harassment (BP 3430), its Policy on Nondiscrimination (BP 3410), and its Policy on Academic Freedom (BP 4030).

In addition, the Board of Trustees is subject to its own Code of Ethics (BP 2715), and most of our employees are members of professional organizations with their own established codes of ethics, such as the CTA, CSEA, and ACCCA. Employees are encouraged to consult their own organizations, when applicable, for further guidance. As constituents of Rio Hondo College, students are likewise encouraged to maintain high Standards of Conduct (BP 5500).

As a further demonstration of commitment to high ethical standards, employees of Rio Hondo College aspire to be guided by the following values statements. They are intended as guidelines and aspirations, to be used for educational rather than enforcement purposes, with our own conscience as the first and most salient means of evaluation.

- This College values open communication, honesty, and truthfulness, and aspires to an “open door” philosophy.
- This College values open inquiry, and honors academic freedom.
- This College strives to protect human dignity and individual freedom.
- This College values clear roles and responsibilities, teamwork, and cooperation (as outlined in AB1725), and therefore aspires to develop a climate of trust and mutual support.
- This College is committed to providing excellent educational opportunities to the community, and the instructional faculty seeks to evaluate students by honest appraisal of student performance against faculty standards.
