Our Goals to Help You:

- To provide resource information to all students who may need mental health services.
- To increase student's awareness of the existing on-campus resources that support overall health and well-being.
- To develop student awareness and recognition of the need for mental health services.
- To provide student activities and programs that promote awareness of mental health resources available for students with disabilities.
- To provide a proactive approach to issues of mental health by focusing on early intervention strategies that address the needs of students with disabilities.
- To combat the stigma of illness and promote greater recognition of the emotional signs of a person in need of help.
