"The governing board is responsible for establishing policies to assure the quality, integrity, and effectiveness of the student learning programs and services, and the financial stability of the institution." – WASC Accreditation Standard IV.B.1

An educated and well-informed governing board is the foundation of a successful community college. As the policy-making body of the community college, the governing board is responsible for the overall success of the institution and the students served.

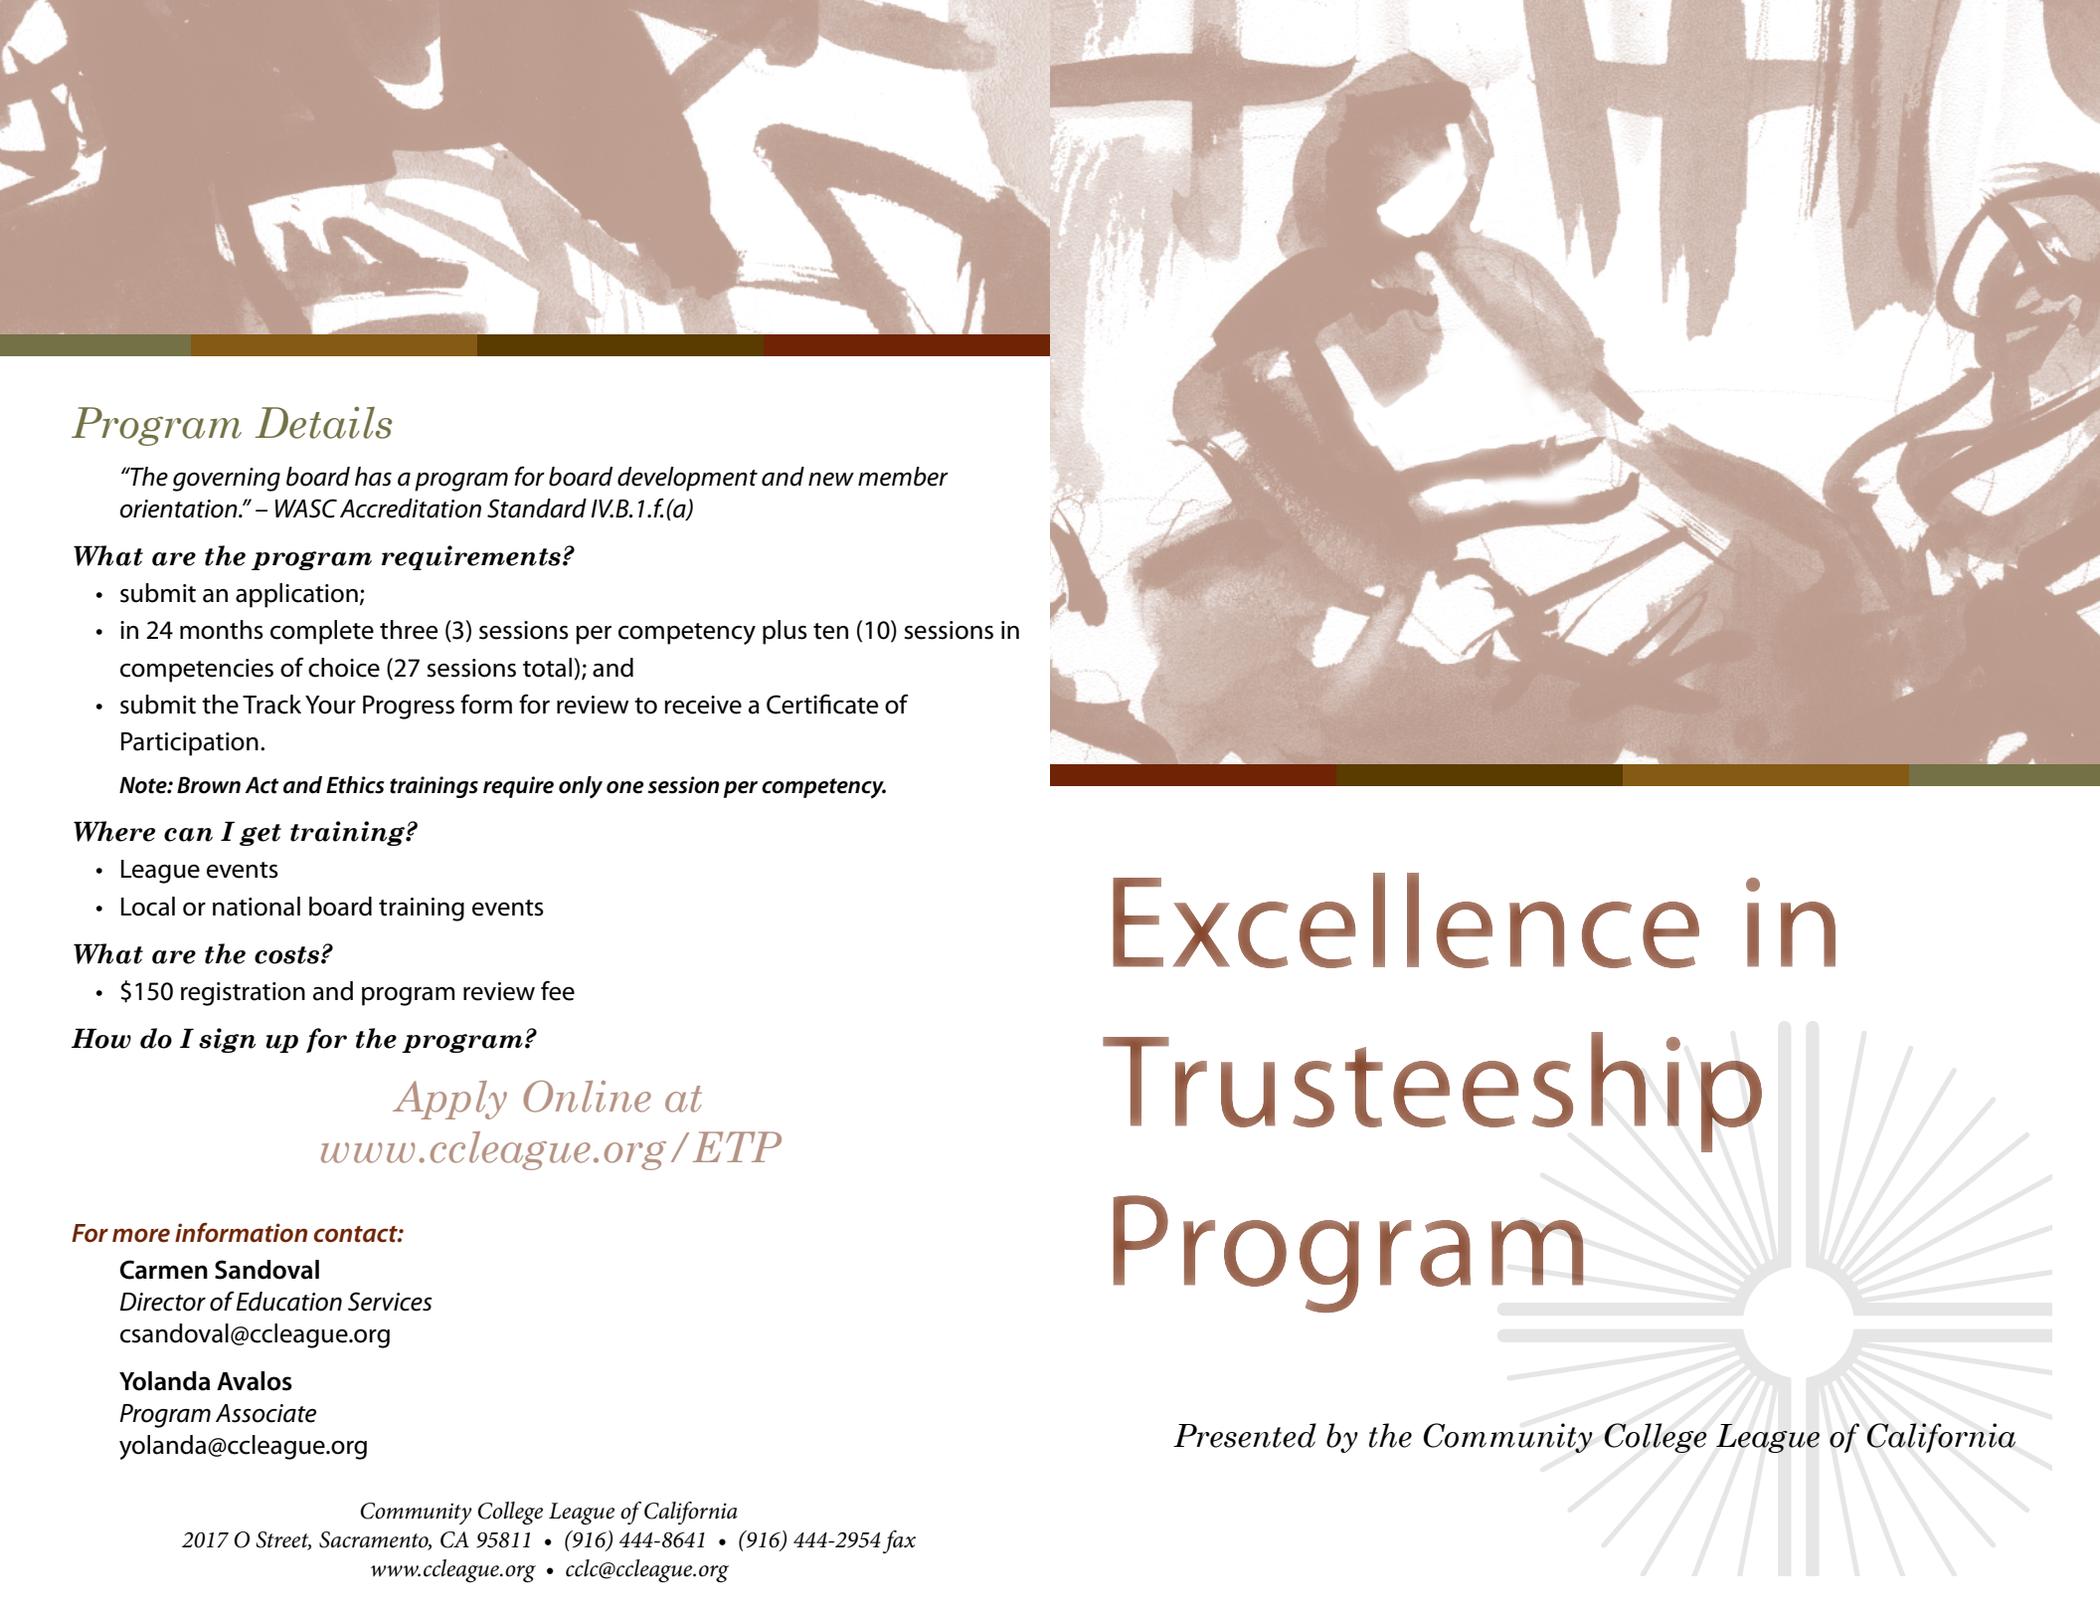

Excellence in Trusteeship is a program designed to facilitate the ongoing education of all trustees in California community colleges by providing a solid foundation for effective board governance. You can obtain the training through League events, local board training, and national association conferences and webinars. Whatever venue you select, you are sure to get the most current and up-to-date governance information available.

Program Overview

"Community college boards ensure the wise and prudent delivery of education, a critical local and state resource, on behalf of the people in their communities. They are guardians of and stewards for the public's interests. Trustees, as members of boards, ensure that the community college district fulfills its responsibility to lead and serve its ever-changing communities." – CCLC, Trustee Handbook, p.23, Rev. 2013

The program covers seven (7) areas of competencies with subtopics to complete the knowledge and skills learning to support strong leadership. Participants attend sessions in each of the seven (7) competencies which define the roles and responsibilities of governance boards and provide tools that keep efforts focused on student learning.
