Hello everyone and welcome to 2015.

I am sure that one your resolutions for the year was to do more with SLOs. For those of you who had other resolutions, this email is to let you know what you should be doing. There are three essential tasks that are either in our contract or required due to accreditation.

1. Put all SLOs (whether active or not) into your syllabi.
2. Rotate the active SLOs from one term to the next.
3. Enter assessment data for your SLOs at least once per year.

Thanks,

Adam

Hello everyone,

As you may be aware, full-time faculty must engage in SLO work as part of our contractual obligations. Part-time faculty can engage in SLO work, but this is optional. The requirements and instructions for completing the SLO work (with videos of how to do so) can be found here:

Please contact me if you have any questions.

Take care,
