Age Data

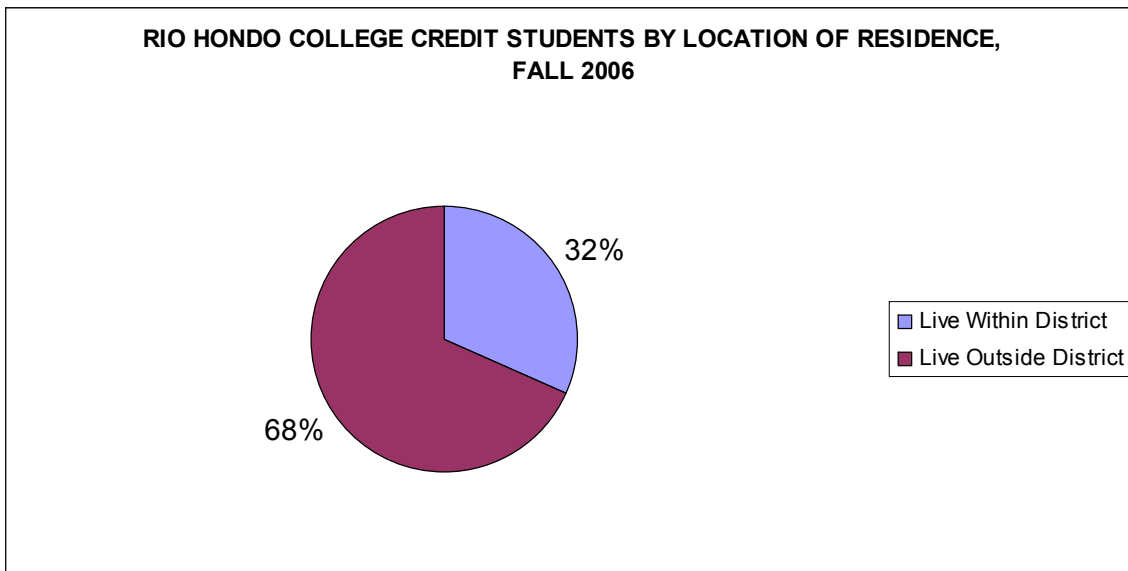

Percent of District Residents by Age Group and City, 2000

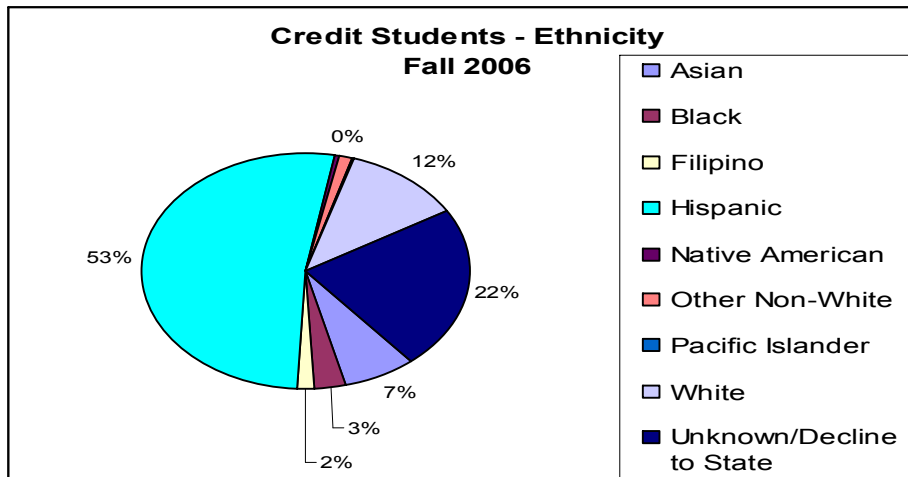

The largest age group for all cities was under 10 years old in 2000. The 10-19 year olds were the second largest group. These are currently college age students. At Rio Hondo College, the largest group of students are the 20-24 year olds, not the traditional 18-20 year old college students.

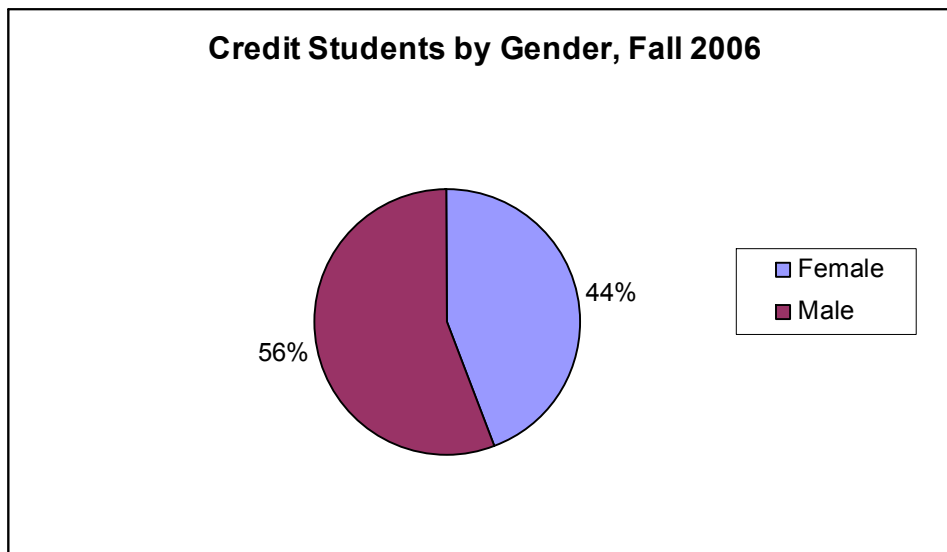

Credit Students Data

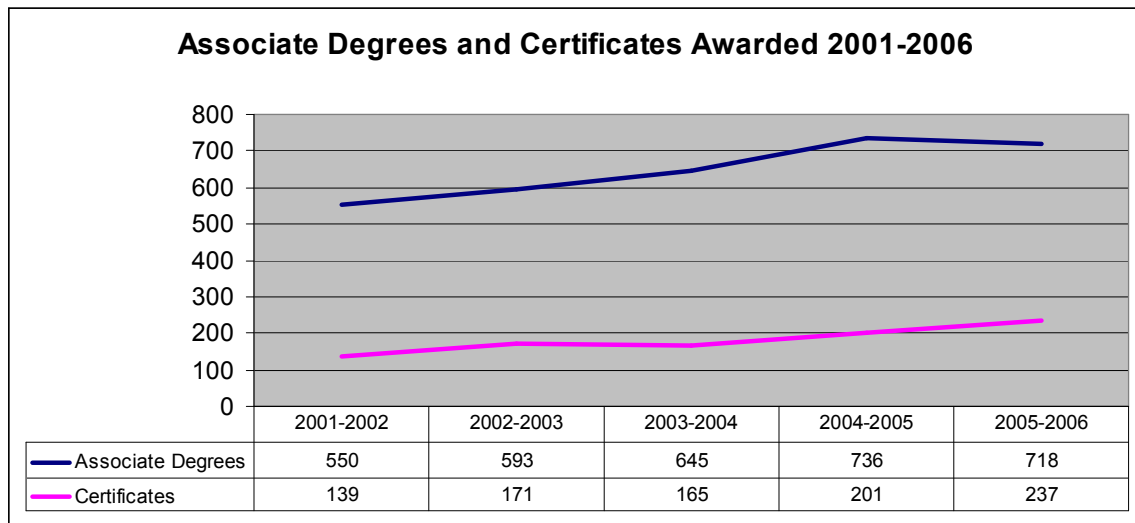

More students currently live outside the district than inside. Residence is based on zip codes. Zip codes within the district include those for the cities of Pico Rivera, Santa Fe Springs, South El Monte, Whittier, and El Monte. Cities that contribute large numbers of students with addresses outside the district include Montebello, Norwalk, La Mirada, Downey, La Puente, Industry, Monterey Park, Rosemead, and Hacienda Heights.

The percentage of credit students that are Hispanic has decreased since Fall 2000, when nearly 68% of all students were Hispanic. Currently only 53% currently are.

Awards & Degree Data

The numbers of Associate Degrees and Certificates awarded over the past five years have continued to grow.

Transfers to CSU, UC, and Private and Out-of-State Universities
2002-2006

UC	CSU	In State Privates	Out-of-State Universities
