President's Welcome

Congratulations on making one of the most important decisions of your life by choosing to attend college. On behalf of the Rio Hondo College community, it is a pleasure to welcome you to our hilltop campus and educational sites with state-of-the-art facilities and a student-centered approach. Rio Hondo College offers a modernized, technologically advanced learning environment with instructional and student services facilities, including the Learning Resource Center, one-stop Student Services building, First-Year Success Center, El Monte Educational Center and South Whittier Educational Center. As part of our Student Success Initiative and Student Equity Plan, our faculty members, counselors, staff, and administrators are committed to helping every student reach their educational goals.

One of the tools we encourage students to frequently use is the 2014-2015 Catalog, as an educational guidepost. By becoming familiar with this Catalog early on, you will learn about the associate degrees leading to successful transfer, including our first-time ever "Pathway to Law School" program for entering high school graduates, as well as the general education requirements and programs, career certificates and courses.

In addition, Rio Hondo College continues to lead the state and the nation in many high-demand career and technical programs such as environmental technology, geographic information systems (GIS), nursing, public safety, fire technology and automotive technology.

Another tool for success is AccessRIO, our student information and registration system that provides efficient online access to email, grades, financial aid information, library systems and many other College resources.

We urge you to take advantage of the Student Success services and programs offered through the Counseling Center, Career Development Center, First-Year Success Center and Transfer Center. Students who meet with a counselor on a frequent basis, update their Educational Plan and use support services are more likely to graduate and transfer to four-year universities. Our Rio Hondo College counselors are here to support your journey to achieve Student Success!

Our student-centered campus also offers student support services to first-generation students, economically and educationally disadvantaged students, students with disabilities and Veterans. In addition, we offer financial aid services, scholarships, student health services, as well as free tutoring.
We invite you to make the most of your time at Rio Hondo College by participating in co-curricular activities and in student life. The College fields 14 intercollegiate athletic teams, offers opportunities in dance, theater, music and visual arts performances, and is home to an active student government that sponsors an array of clubs, interest groups and cultural events. You may also consider becoming a reporter or photographer for the College newspaper and magazine, El Paisano and La Cima, participating in forensics and debate competitions, or submitting material for River's Voice, a journal of art and literature.

As a student, you also have access to one of the largest and best-equipped community college fitness centers in the country. The College's 48,000 square-foot Physical Education Complex offers a new NCAA-sized pool, renovated fields and tennis courts.
As Superintendent/President, I welcome opportunities to engage our students. I look forward to personally greeting you on our Rio Hondo College campus.

Congratulations once again, and best wishes to you and your continued success.

1 General Information About Rio Hondo College

History

The Rio Hondo Community College District was established by election in October 1960, but first classes were not held until 1963-1964. Since the district's boundaries at that time were identical to those of the Whittier Union High School District, administration of the district was by the high school district Board of Trustees. Creation of the El Rancho Unified School District in 1962 required that Rio Hondo College establish its own Board of Trustees, and an election for that purpose was held in April 1962.

The new Board of Trustees appointed Dr. Phil Putnam as the founding Superintendent-President in February 1963. In May 1963, the Board chose Rio Hondo as the name for the college. The name, long associated with the area surrounding the Rio Hondo River, means "deep river."

College classes were offered for the first time in the late afternoons and evenings in September 1963 at Sierra and El Rancho High Schools. Following selection of the present campus site, a $12 million bond issue to build the college was approved by 80.1 percent of the district voters in October 1963. During 1964 and 1965, Rio Hondo College conducted classes for a limited enrollment at the former Little Lake School in Santa Fe Springs.

The present campus opened in the fall of 1966 with an enrollment of 3,363 day and 2,682 evening students. Measure A, a $245 million bond passed by voters in 2004, now provides new buildings and facilities upgrades campus-wide as well as new off-site educational centers in South Whittier and El Monte. Today, Rio Hondo enrolls approximately 20,000 students per semester.

Rio Hondo College is an open-access California community college that contains nine cities, in whole or part, four distinct unincorporated communities, and a portion of one other unincorporated community of Los Angeles County within our district boundaries. The cities include El Monte, South El Monte, Pico Rivera, Santa Fe Springs, and Whittier. The District also encompasses portions of Norwalk, Downey, La Mirada, and the City of Industry. The unincorporated communities within our District include Los Nietos, East Whittier, South Whittier, West Whittier, and a portion of Avocado Heights. The College is a Hispanic Serving Institution with over 70 percent of students identified as Hispanic/Latino/a and a total ethnic minority student population nearing 90 percent.

School districts within the college boundaries are the Whittier Union High School District, El Rancho Unified School District, and the El Monte Union High School District. Students come to Rio Hondo seeking a variety of educational experiences. Rio Hondo's educational program includes courses for transfer to four-year colleges and universities, general education courses for greater understanding of

individual and community life, vocational training in certain areas, and courses for improving academic performance necessary for studying at a higher level.

The Rio Hondo College Foundation was established in 1992. The Foundation assists the college in meeting the needs of its students and community. The Foundation's focus is to secure financial and community resources to support Rio Hondo College programs and services such as student scholarships, innovative educational projects, teaching and training support, and capital expenditures.

Vision

Rio Hondo College strives to be an exemplary California community college, meeting the learning needs of its changing and growing population and developing a state-of -the-art campus to serve future generations.

Mission

Rio Hondo College is committed to the success of its diverse students and communities by providing dynamic educational opportunities and resources that lead to associate degrees, certificates, transfer, career and technical pathways, basic skills proficiency, and lifelong learning.

Values Statement

As a teaching/learning community, we come together and strive to meet the needs, aspirations, and goals of our changing student population and communities. Since what we value forms the core of who and what we are, the college community--trustees, faculty and staff--recognizes the importance of openly and candidly expressing the college's values. Rio Hondo College values the following:

1. **Quality teaching and learning**
   The college is dedicated to excellence in instruction and student services to develop the intellectual and personal competence of each student. Rio Hondo

College is committed to preparing students to adapt to the demands of a multicultural society.

2. **Student access and success**
   Rio Hondo College recognizes the individual worth and potential of every human being. Accordingly, the college offers an open access, comprehensive educational program to its students including basic skills, vocational education certificates and degrees, general education and transfer courses, and, for its community, economic development opportunities.

At Rio Hondo College, students will have an opportunity to develop ethical values, learn the rights and responsibilities of citizenship, develop career skills, and understand the scientific, artistic and social achievements of various cultures including their own.

3. **Diversity & Equity**
   Rio Hondo College remains committed to the diversity of students, faculty, staff, and management. Diversity can be defined in many ways including ethnicity, gender, sexual orientation, socio-economic status, age, physical abilities, religious beliefs, learning styles, political beliefs, or other ideologies. Appreciation of diversity means the following:

   - Recognizing that each individual is unique and understanding individual differences.
   - Recognizing the things that people have in common despite being members of diverse groups.
   - Creating a safe, positive, and nurturing environment that cultivates respect for what these differences are.
   - Moving beyond simple tolerance to embracing and celebrating the rich dimensions of diversity as a way of coming together as a community with a common purpose.

The concepts of educational equity and student learning outcomes are central to the values of the College. Access to education and the opportunity for educational success for all students shall be provided, with particular efforts in regard to those who have been historically and currently under-represented. Education should prepare students to adapt to the demands of a multicultural society.

4. **Fiscal Responsibility**
   Rio Hondo College recognizes the importance of maintaining a fiscally sound, efficient, and effective college operation. It uses its resources—human, facilities, and financial—to the optimum benefit of its students, community, and staff.

5. **Integrity and Civility**
   We value integrity, honesty and respect in our actions and words.

Code of Ethics

Ethical persons are those who abide by principles and exemplify virtues as understood within a given moral framework. Many believe that virtue is intrinsically rewarding. At the very least, that one be perceived as ethical is instrumental in establishing credibility and trust. The employees of Rio Hondo Community College District are committed to providing a high quality learning environment to help our students successfully achieve their educational goals and objectives. Accordingly, they have interests in, and commitment to, ethical behavior.

To support this commitment, college employees adhere to standards of ethical and professional behavior related to their duties, and have responsibilities to the institution and to individuals they serve. Although one can not "legislate morality" in the sense of mandating virtuous intentions, we can, and do, establish general expectations of conduct.

There are many sources of inspiration and guidance. All employees of Rio Hondo College are subject to official College policies and procedures, applicable regulatory agency requirements, local, state, and federal laws, and professional standards (when applicable). This includes policies such as the Rio Hondo College Policy on Prohibition of Harassment (BP 3430), its Policy on Nondiscrimination (BP 3410), and its Policy on Academic Freedom (BP 4030).

In addition, the Board of Trustees is subject to its own Code of Ethics (BP 2715), and most of our employees are members of professional organizations with their own established codes of ethics, such as the CTA, CSEA, and ACCCA. Employees are encouraged to consult their own organizations, when applicable, for further guidance. As constituents of Rio Hondo College, students are likewise encouraged to maintain high Standards of Conduct (BP 5500).

As a further demonstration of commitment to high ethical standards, employees of Rio Hondo College aspire to be guided by the following values statements. They are intended as guidelines and aspirations, to be used for educational rather than enforcement purposes, with our own conscience as the first and most salient means of evaluation.

- This College values open communication, honesty, and truthfulness, and aspires to an "open door" philosophy.
- This College values open inquiry, and honors academic freedom.
- This College strives to protect human dignity and individual freedom.
- This College values clear roles and responsibilities, teamwork, and cooperation (as outlined in AB1725), and therefore aspires to develop a climate of trust and mutual support.
- This College is committed to providing excellent educational opportunities to the community, and the instructional faculty seeks to evaluate students by honest appraisal of student performance against faculty standards.

Institutional Philosophy

Recognizing the individual worth and potential of every human being, Rio Hondo College offers an open access, comprehensive educational program to residents of the college district.
