

**Rio Hondo Community College District  
Curriculum Committee  
Agenda  
Wednesday, October 2, 2019 – Board Room**

**I. APPROVAL OF THE MINUTES FROM THE MEETING ON SEPTEMBER 25, 2019**

**II. ACTION ITEMS**

**A) Approval of Consent Agenda:**

**B) Second Readings:**

**Item 1920-015**

**Credit Course Revision**

**ACCT 101 Financial Accounting**

**Units 4.0**

**Description**

This course is an introduction to the theory, principles, and practice of accounting and financial reporting for corporations. Topics include analysis and recording of financial transactions; preparation, analysis, and interpretation of financial statements; and accounting for assets, liabilities, and equities. Computer applications are integrated into the homework. This course is required for all accounting and business administration majors.

**Item 1920-016**

**Credit Course Revision**

**ACCT 101H Financial Accounting Honors**

**Units 4.0**

**Description**

This course is an introduction to the theory, principles, and practice of accounting and financial reporting for corporations. Topics include analysis and recording of financial transactions; preparation, analysis, and interpretation of financial statements; and accounting for assets, liabilities, and equities. Computer applications are integrated into the homework. This course is required for all accounting and business administration majors. This course is intended for students eligible for the Honors Program.

**Item 1920-017**

**Credit Course Revision**

**ACCT 104 Introduction to Governmental and Not-For-Profit Accounting**

**Units 3.0**

**Description**

This course is an introduction to the fundamentals of government and not-for-profit accounting. The emphasis of the course will be placed on accounting for various fund types and restrictions relevant to government and not-for-profit agencies, with both theoretical and practical aspects explored. Topics include budgets, revenues, expenditures, tax levies, appropriations, general fund, special fund, and financial statements for government and not-for-profit entities. This course is designed for students interested in furthering their educational requirements for the CPA exam and/or pursuing an entry-level position in government and not-for-profit accounting.

**Item 1920-018****Credit Course Revision****ANIM 130 Modeling for Games****Units 4.0****Description**

This course is an introduction to the basic principles used in 3-D modeling, UVW unwrapping, and texturing for games. The course is intended for beginning 3-D students and covers the tools and techniques used in the creation of 3-D game assets. This course is beneficial for all students in courses related to graphic arts (multimedia, illustration, web and game design, and film production) and industrial design (architectural, automotive, furniture, clothing, and product design).

**Item 1920-019****Course Revision****KIN 127 Exercise Physiology****Units 3.0****Description**

This course provides an overview of the body systems and their functions under conditions of exercise stress, including how fitness training affects health, wellness, and performance. Emphasis will be placed on the muscular, skeletal, cardiovascular, respiratory, endocrine, metabolic/bioenergetic, and neurological systems, as well as the physiological processes that are affected by exercise. The effects of various diseases and exercise immunology will also be addressed. This course is designed for the student pursuing a career in the fitness industry, a Certificate of Achievement in Fitness Specialist or Strength and Performance Coach, the Associate of Arts in Dance, or those interested in furthering their understanding of the effects of exercise on the body and mind.

**Item 1920-020****New Credit Course****KINA 276 Offseason for Intercollegiate Soccer****Units 1.0****Description**

This advanced soccer/activity class for the intercollegiate level player will stress soccer training, technical skills, knowledge, strategy, and an understanding of team play. The course is intended for students with varsity intercollegiate experience who compete currently or are preparing to play competitive intercollegiate soccer. This course may be taken once and repeated three times for credit.

**Item 1920-021****New Credit Course****MUST 105 Introduction to the Music Business****Units 3.0****Description**

This class is intended for students interested in the music business. It presents an overview of the business and legal aspects of the music industry in order to understand the rapid and massive changes due to the revolution of music on the Web. The focus will be on career possibilities, the development of business-related knowledge and skills necessary for effectively maintaining a professional music career, the vocabulary and terminology of the music industry, and the distinction between music and business at the corporate level. Topics include record contracts, publishing, licensing, distribution, and copyright. In addition, the duties and responsibilities of musicians, songwriters, lawyers, agents, promoters, publishers, executives, and managers—anyone trying to navigate the rapid transformation of the industry will be examined.

**Item 1920-025**

**Credit Course Revision**

**ACCT 290 Cooperative Work Experience/Internship for Accounting Related Fields**

**Units 1.0 to 4.0**

**Description**

This course supports and reinforces on-the-job training in business and industrial establishments under supervision of a college instructor and is facilitated by the use of learning objectives. The student will be working in a skilled or professional level assignment in their area of vocational interest and will meet performance objectives related to instruction that are above and beyond the conditions of regular employment. This course is intended for students whose job is related to the field of accounting and have completed or enrolled in the appropriate coursework. Contact the CWE office regarding re-enrollment procedures.

**Item 1920-026**

**Credit Course Revision**

**ARCH 225 Commercial Architecture: Design and Construction**

**Units 4.0**

**Description**

This advanced level course is for students pursuing an A.S. Degree or Certificate in Architecture and Architectural Design and Drawing. The course includes the study of common planning concerns as well as the most significant building ordinances and codes which influence the design of commercial spaces. As a component of the course, students will prepare select architectural plans for a commercial building project.

Emphasis is placed on effective space utilization, technical plans, elevations, aesthetics, accessible requirements, site utilization and development, traffic flow, and landscaping.

**Item 1920-027**

**Credit Course Revision**

**DANC 180 Performance**

**Units 1.0**

**Description**

This course provides dance students the opportunity to participate in dance productions. Productions will be presented for public performance either on and/or off campus. Students will learn how to adjust a performance for presentation on a stage, pre-performance and post-performance responsibilities will be outlined. In addition, students will be exposed to basic stage direction and techniques for overcoming stage fright. This course may be repeated to a maximum of 4 units in different semesters.

**Item 1920-028**

**Credit Course Revision**

**GIS 120 Introduction to Geographic Information Systems and Spatial Analysis**

**Units 4.0**

**Description**

This course will introduce fundamental concepts of geographic information and spatial analysis, using industry standard geospatial application tools including geographic information systems (GIS), global positioning systems (GPS) and sUAV (Small Unmanned Aerial Vehicle) to perform spatial analysis in various disciplines including but not limited to business, public safety, health, politics, civil engineering, environmental, and social, biological and geological sciences. Students will learn how to organize geospatial data, visualize spatial patterns by aggregating numbers by areas, analyzing ratios and proportions, generating scatterplots, qualifying volumes and areas, performing map algebra, and interpreting correlations or suitable locations based on provided or researched criteria.

**Item 1920-029**

**Credit Course Revision**

**GIS 290 Cooperative Work Experience/Internship for GIS Related Fields**

**Units 1.0 to 4.0**

**Description**

This course supports and reinforces on-the-job training in business and industrial establishments under supervision of a college instructor and is facilitated by the use of learning objectives. The student will be working in a skilled or professional level assignment in their area of vocational interest and will meet performance objectives related to instruction that are above and beyond the conditions of regular employment. This course is intended for students whose job is related to the field of GIS and have completed or enrolled in the appropriate coursework. Contact the CWE office regarding re-enrollment procedures.

**Item 1920-030**

**Credit Course Revision**

**KINA 230 Lifelong Fitness Center II – Cardiovascular Fitness**

**Units 1.0**

**Description**

This class is a course designed to give the student skills and information to improve their own cardiovascular fitness. This class will involve instruction and practice in techniques that will promote cardiovascular fitness: running, jump rope, core training, aerobic activity, aerobic circuit and resistance bands. The student will learn about the importance of blood pressure, heart rate and diet in relation to cardiovascular disease.
