

**Rio Hondo Community College District
Curriculum Committee
Agenda
Wednesday, November 10, 2021, 11:15 A.M.
Zoom ID# 936 4074 5658**

I. APPROVAL OF THE MINUTES FROM NOVEMBER 3, 2021

II. PUBLIC COMMENT: *Although the Curriculum Committee always welcomes the participation of guests in any discussion, this agenda item is provided to allow a member of the public to speak to an item not on the agenda.*

III. ACTION ITEMS

A) Approval of Consent Agenda: *No items*

B) Second Readings:

Item 2122-185

Credit Course Revision

ANTH 110 Human Sexuality from a Cross-Cultural Perspective

Updates to: Title, description and content revisions

Item 2122-186

New Credit Course

ASTR 137 An Introduction to Cosmology: From the Big Bang to the Multiverse

Description

This course introduces students to the science of cosmology, the study of the origins and development of the universe. The course will cover topics ranging from Newtonian mechanics, Einstein's theories of special relativity and the curvature of spacetime, the Big Bang theory, the cosmic microwave background, cosmic inflation, dark matter and energy, and the associated evidence and theories to explain these phenomena including string theory and multiverse theory. Laboratory topics will cover the conceptual underpinnings of observational cosmology through experiments in modern and classical physics. This course is intended for the enthusiastic cosmology amateur and requires only a high-school level mathematics background.

Item 2122-187

Credit Course Revision

BIOL 200 Principles of Biology 1 (Molecular and Cellular Biology)

Updates to: Updated text to OER

Item 2122-188

Credit Course Revision

LIT 144A World Literature: Antiquity through the 16th Century

Updates to: Prerequisite and minor course content revisions

Item 2122-189

New Credit Course

LIT 144AH World Literature: Antiquity through the 16th Century Honors

Description

This course introduces students to a wide range of world literature from antiquity, the Middle Ages, and the Renaissance. Although the emphasis is on continental literature and Western civilization, the course may

include significant works from African, Asian, Middle Eastern, and/or Latin American traditions. Course reading and writing assignments emphasize literary periods and literary history, the different genres of literary expression, and literature as a reflection of major cultural events and beliefs. This course is designed for students interested in learning more about literary expression and students intending to major in a literary or arts-related field of study. This course is intended for students eligible for the honors program.

Item 2122-190

Credit Course Revision

LIT 144B World Literature: 16th Century to the Present

Updates to: Prerequisite and minor course content revisions

Item 2122-191

New Credit Course

LIT 144BH World Literature: 16th Century to the Present Honors

Description

This course introduces students to a wide range of world literature from the seventeenth century to the present. Although the emphasis is on continental literature and Western civilization, the course may include significant works from African, Asian, Middle Eastern, and/or Latin American traditions. Course reading and writing assignments emphasize the European Enlightenment, romanticism, realism, modernism, and literature as a reflection of major cultural events and beliefs. This course is designed for students interested in learning more about literary expression and students intending to major in a literary or arts-related field of study. LIT 144A need not be taken before LIT 144B. The course is intended for students eligible for the honors program.

Item 2122-192

Credit Course Revision

MUS 146 Piano II

Updates to: Description and minor course content revisions

Item 2122-193

Credit Course Revision

MUS 147 Piano III

Updates to: Advisory, description and minor course content revisions

Item 2122-194

Credit Course Revision

MUS 148 Piano IV

Updates to: Advisory, description and minor course content revisions

Item 2122-195

New Credit Course

MUS 160 Beginning Class Piano I

Description

This class is for general education students (non-music majors) interested in beginning piano skills, and in the understanding of music through the study of simple piano pieces. The development of skills at the beginning level may be used in the playing of various styles including Classical, Pop, Jazz, and Rock. Individual pieces are performed in class. No previous experience is necessary.

Item 2122-196

New Credit Course

MUS 161 Beginning Class Piano II

Description

This class is for general education students (non-music majors) interested in beginning piano skills, and in the understanding of music through the study of simple piano pieces. The development of skills at the beginning level may be used in the playing of various styles including Classical, Pop, Jazz, and Rock. Individual pieces are performed in class. This course is a continuation of materials learned in Beginning Class Piano I.

Item 2122-197**New Credit Course****MUS 162 Intermediate Class Piano I****Description**

This class is for general education students (non-music majors) seeking to broaden their knowledge and understanding of piano literature. Varied works of intermediate difficulty will be introduced. Attention is given to the refinement and polishing of technique, interpretation, and tone production.

Item 2122-198**Credit Course Revision****PHY 120 Physics for Everyday Use**

Updates to: Minor course content revisions

Item 2122-199**Credit Course Revision****READ 012 Learning Strategies**

Updates to: Advisory, description and minor course content revisions

Item 2122-200**Credit Course Revision****SPCH 150 Intercultural Communication**

Updates to: Textbook and minor course content revisions

Item 2122-201**Credit Course Revision****THTR 181 Touring Theatre Local II**

Updates to: Advisory and minor course content revisions

Item 2122-205**New Associate in Science for Transfer****Chemistry for UC Transfer****Description**

The Associate in Science in Chemistry for UC Transfer Degree is intended for Rio Hondo College students planning to transfer to the University of California (UC) system as chemistry majors. Upon completion of this degree, students will be guaranteed admission* to a UC campus participating in the Transfer Admission Guarantee (TAG) program *provided* the student:

Item 2122-206**New Associate in Science for Transfer****Physics for UC Transfer****Description**

The Associate in Science in Physics for UC Transfer Degree is intended for Rio Hondo College students planning to transfer to the University of California (UC) system as physics majors. Upon completion of this

degree, students will be guaranteed admission* to a UC campus participating in the Transfer Admission Guarantee (TAG) program provided the student:

Item 2122-207

Degree Change

Associate in Arts in English for Transfer

Updates to: Course removal and minor description changes

Item 2122-208

New Noncredit Certificate of Completion

Public Safety I

Description

The Noncredit Certificate of Completion in Public Safety I prepares students for a variety of entry-level positions in the field of Public Safety. Students gain an informed exploration of career pathways, educational requirements, and practical guidance through essential elements of employment readiness. This certificate is a foundational orientation for those seeking admission to the Police Academy.

Item 2122-209

New Noncredit Certificate of Completion

Public Safety II

Description

The Noncredit Certificate of Completion in Public Safety II prepares students for a variety of entry-level positions in the field of Public Safety. Students acquire fundamental knowledge of laws of arrest, report writing, and managing physical agility and mental health to support successful employment in the Public Safety and Services sector. This certificate provides a focused preparation for admission to the Police Academy and includes review of the PELLETB exam.

C) First Readings:

Item 2122-210

New Credit Course

ARCH 103 History of Architecture

Description

This course surveys the historical development of modern architecture from the Renaissance to the present day. The influence of technological, ecological, environmental, cultural, and socio-economic factors on architecture are considered. Analysis of current and future trends and developments in contemporary architecture and environmental design is covered.

Item 2122-211

New Credit Course

BIOT 120 Quality and Regulatory Practices

Description

This course serves as an introduction to basic quality principles and tools with an emphasis on their application in fermentation practices. Students will explore concepts related to quality control, quality assurance, validation, documentation, and regulatory compliance within this industry. The course prepares students for examination through the American Society for Quality to become a Certified Quality Improvement Associate (CQIA).

Item 2122-212

New Credit Course

BIOT 240 Instrumental and Sensory Analysis

Description

An advanced course examining the laboratory analyses associated with industrial fermentations with an emphasis on those used in brewing. In addition, the course will explore the techniques used in sensory analysis of foods, especially brewed beverages.

Item 2122-213**New Credit Course****ENGR 140 Materials Science and Engineering****Description**

This is the introductory course to engineering materials. The student will develop an understanding of the atomic structure of the major classes of materials. The properties (mechanical, thermal, optical, and electrical) of metals, polymers, ceramics, and electronic materials will be reviewed. The student will understand the effect of processing in the internal structures of materials. It is expected that at the end of the course the student will understand material deterioration and failure processes.

Item 2122-214**New Credit Course****ENGR 240 Strength of Materials****Description**

This course will introduce students to the basics of strength of materials. Students will examine how forces affect machine members and structural elements. Students will calculate stress and strain, analyze connections, and evaluate beams and columns. Topics include: loading; statically indeterminate structures; temperature and prestrain effects; shear force and bending moment; axial, shear, bearing and bending stresses; deflection of beams; and buckling of columns. Students will be able to use calculations involving the above topics to determine if a certain design will succeed or fail.

Item 2122-215**Credit Course Revision****HET 240 Heavy Equipment Heating, Ventilation, and Air Conditioning**

Updates to: Prerequisite and minor content revisions

Item 2122-216**Credit Course Revision****LIT 141 Introduction to Poetry**

Updates to: Prerequisite and minor course revisions

Item 2122-217**New Credit Course****LIT 141H Introduction to Poetry Honors****Description**

This course introduces students to a variety of approaches to poetry. Course readings will include poems on diverse topics representing the fundamental modes, historical periods, and cultural traditions. Students will gain an understanding of the features that distinguish poetry as a literary genre, including techniques of sound, tropes and figurative language, and thematic development. The course is appropriate for both English majors and those students who wish to expand their knowledge and appreciation of poetry. This course is intended for students eligible for the honors program.

Item 2122-218**Credit Course Revision****LIT 148 Introduction to Dramatic Literature**

Updates to: Prerequisite and minor course revisions

Item 2122-219**New Credit Course****LIT 148H Introduction to Dramatic Literature Honors****Description**

This course introduces students to a wide range of dramatic literature, from the plays of Ancient Greece to contemporary drama. Students will study representative plays from several literary periods. Course reading and writing assignments emphasize dramatic form and structure, the aesthetics of drama, and drama as a reflection of major cultural events and beliefs. This course is designed for students interested in a detailed exploration of a specific genre of literature, students intending to major in a literary or arts-related field of study, and students intending to enter the teaching profession. This course is intended for students who meet Honors Program requirements.

Item 2122-220**Credit Course Revision****LIT 149 Introduction to Chicana/o/x/Literature****Updates to: Prerequisite and minor course revisions****Item 2122-221****New Credit Course****LIT 149H Introduction to Chicana/o/x/Literature Honors****Description**

This course explores a range of Chicana/o/x literature, with a focus on major texts from 1848 to the present. Course reading and writing assignments explore major cultural themes, including identity issues. Assigned readings may comprise a variety of forms and genres including essays, poetry, fiction, oral histories, corridos, and autobiography by writers from the Southwest. This course is designed for students interested in exploring various forms genres of literature, learning more about Chicana/o/x cultural expression, and/or majoring in Chicana/o/x Studies. This course is intended for students eligible for the honors program.

Item 2122-222**New Credit Course****MATH 049B Becoming a STEM Researcher****Description**

This course is designed for students intending to explore careers as researchers in STEM fields. Participants will learn how to apply for and prepare themselves for undergraduate research opportunities by developing their resume/curriculum vitae, learning how to read research papers, and writing and presenting their research. Students will also learn how to fund their research through Research Experiences for Undergraduates (REU) and through scholarships. Completion of these activities will provide students with a competitive application for transfer and REUs.

Item 2122-223**Credit Course Revision****MGMT 101 Introduction to Business****Updates to: Advisory, SAM Code, and minor course revisions****Item 2122-224****Credit Course Revision****MGMT 140 Introduction to International Business****Updates to: SAM Code and minor course revisions**

Item 2122-225

Credit Course Revision

MGMT 141 International Marketing

Updates to: SAM Code and minor course revisions

Item 2122-226

Credit Course Revision

MGMT 142 International Management

Updates to: Minor course revisions

Item 2122-227

Credit Course Revision

MGMT 150 Principles of Management

Updates to: Advisory, SAM Code, and minor course revisions

Item 2122-228

New Noncredit Course

NBAS 040 World History I: 1750-1918

Description

The history of the world from 1750-1918. This course examines the significant events, themes, topics, and people that comprise this era in world history. The course explores the diversity of experiences, struggles, and triumphs which occurred across the globe throughout this period.

Item 2122-229

New Noncredit Course

NBAS 041 World History II: 1918 - Present

Description

The history of the world from 1918-Present. This course examines the significant events, themes, topics, and people that comprise this era in world history. The course explores the diversity of experiences, struggles, and triumphs which occurred across the globe throughout this period.

Item 2122-230

New Noncredit Course

NBAS 042 U.S. History I: Origins of the American Republic - 1945

Description

The history of the United States from the origins of its Republic to 1945. This course examines the significant events, themes, topics, and people that comprise this era in America's past. The course explores the diversity of experiences, struggles, and triumphs of Americans throughout this period.

Item 2122-231

New Noncredit Course

NBAS 043 U.S. History II: 1945 - Present

Description

The history of the United States from 1945 to Present. This course examines the significant events, themes, topics, and people that comprise this era in America's past. Students gain a broad view of U.S. history by exploring the diversity of experiences, struggles, and triumphs of Americans throughout this period.

Item 2122-232

IV. UNFINISHED BUSINESS:

Tabled Item from September 9, 2020

Item 2021-013

Certificate of Achievement Change

Civil Drafting

Units 17.0 to 18.0

Description

This program provides a focused course of study to ready students for careers in the preparation of construction documents for Civil Engineering projects. The coursework provides a focus on the preparation of common civil project drawings using industry-standard drawing techniques and conventions with hand and/or computer-aided drafting tools. Additionally, the coursework includes exposure to the broad range of sub-disciplines within the field of Civil Engineering.
