Subject: Re: Safety Examples During COVID for Accreditation

Good Morning Caroline,
These are the safety measures we have taken:

PPE
Hand sanitizing dispenser
Touch less soap dispenser
Paper towel dispenser
Plexiglass shields
Ionization
Merv 13 filters
Disinfectant wipes

Best Regards,

Hi Mario

Can you give me some specific examples of safety precautions we have taken during COVID? I need some examples for the ISER. Thank you! I'm thinking it is PPE, sanitizing protocols, etc. Any specifics you can provide would be greatly appreciated.
