Library Workshops for Fall 2020

Library Workshops for Fall 2020

Due to the pandemic campus closure, in-person library workshops are canceled until further notice.

However, we are excited to share our new ONLINE library workshops provided below.

Video Recordings of Live Workshops

Workshop certificates/digital badges are no longer available (after November 20) but recordings of our live workshops via *Zoom* are still available 24/7.

Students can watch these recordings at any time and complete each video's accompanying activity and/or online assessment. See links below:

Workshop Descriptions

Evaluating Websites to Avoid Fake News

Find out how to avoid fake news by evaluating websites for credibility and trustworthiness.

Choose and Refining Your Research Topic

Focus your research topic from a broad or specific subject to one that's more researchable.

Cite It Right to Avoid Plagiarism

Learn what plagiarism is (and is not) by recognizing examples and citing your sources in MLA format.

Need Articles? Use Online Databases

Learn the differences between popular and scholarly articles, and discover how to find them!

LIBRARIAN

Find eBooks Fast: Use the Library Catalog

Find out tips and strategies for using the NEW online catalog effectively to find ebooks.
