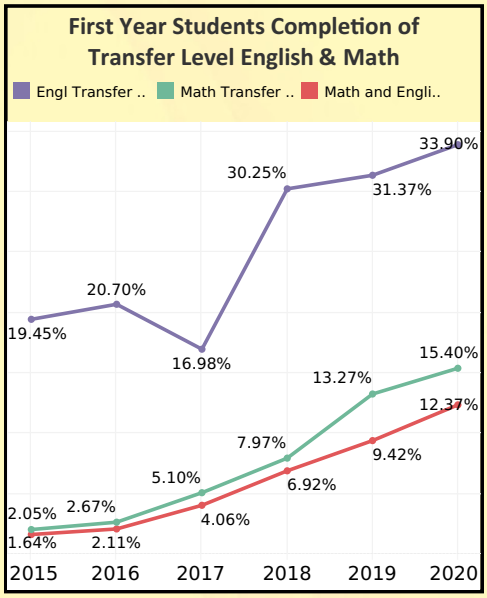
### First Year Students Completion of Transfer Level English & Math



Note: During the academic years 14-15 and 16-17, students with “first time” status were not accurately reported. For this reason, the “first time” population is relatively smaller compared to the other years. The dip in transfer level English completion in 16-17 may be attributed to this. The 'First Year Students Completion of Transfer Level English and Math' chart excludes apprenticeship and public safety students.
