# CCC-Associate Degree for Transfer

## What is the California Community Colleges-Associate Degree for Transfer Program (CCC-ADT)?

The California Community Colleges (CCC) Associate in Art for Transfer (AA-T) and the Associate in Science for Transfer (AS-T) degrees are two-year associate degrees that are fully transferable to the CSU and are no more than 60 semester units or 90 quarter units.

With these Associate Degrees for Transfer (ADT) — sometimes called a Degree with a Guarantee (<http://adegreewithaguarantee.com/>) — students who meet the CSU's minimum eligibility requirements are guaranteed priority admission to a CSU campus, though not necessarily to a particular campus or major.

With an ADT you will be able to earn two degrees — your associate's degree *and* your bachelor's degree — with only 120 units if you transfer into a program at the CSU that's similar to the one in which you earned your associate's at a California Community College.

If you're already enrolled at a California Community College or thinking of applying to one, visit the college's transfer center or talk to a counselor to explore available AA-T and AS-T degrees (<http://adegreewithaguarantee.com/Degrees.aspx>) and develop a plan that will allow you to transfer to the CSU as part of the ADT program.

## Admission Requirements for ADT >

---

### Redirection ✓

---

If you have a verified AA-T or AS-T degree and meet the CSU's upper-division transfer admission eligibility requirements, but you haven't been admitted to the CSU of your choice because that campus doesn't have enough space, you will be redirected to an alternate campus. To learn more, go to the Redirection page on Cal State Apply (/apply/redirection/).

## Graduation Requirements >

---

### Find Similar Degree Programs

To transfer with an ADT to the CSU and be given priority admission, you need to choose a degree program at the CSU that's similar to what you studied at community college.

### A Degree with a Guarantee

When you earn an Associate Degree for Transfer and meet certain requirements, you'll be guaranteed admission to the CSU (though admission to a specific campus or major is not guaranteed).

# Redirection

The Associate Degree for Transfer (ADT) program (<http://adgreewithaguarantee.com/>) guarantees that every student who earns an AA-T or AS-T degree from a California Community College will be admitted to a California State University (CSU) campus.

Applicants who have a verified\* AA-T or AS-T degree and meet CSU upper-division transfer admission eligibility requirements (</apply/transfer/Pages/upper-division-transfer.aspx>) and are not admitted to the CSU of their choice will be redirected to an alternate campus that has space. This is called *redirection*.

ADT applicants accepted to at least one CSU campus will *not* be redirected.

During the application process on Cal State Apply, ADT applicants who apply to impacted campuses or programs (</attend/impaction-at-the-csu>) can identify *up to two alternate campuses*. Available alternate campuses are identified by the CSU Chancellor's Office prior to the application filing period but can change based on campus capacity.

If you don't identify an alternate campus on your application, you will be redirected to the closest alternate CSU campus. You cannot change your alternate campus selection after you've submitted your application.

Redirection occurs after all campuses report their admission decisions for a given semester or quarter to Cal State Apply. AA-T or AS-T verified applicants who are denied admission to all of the CSU campuses they selected due to capacity are then identified.

If this happens to you, your application will be routed to the redirected campus and you will be sent a notification by email. You will see the redirected campus in your Cal State Apply account on the "Check Status" page.

Your redirected campus will then contact you about the next steps in the process.

*\*AA-T or AS-T verification for applicants who applied during the priority application period (i.e., by November 30) and selected ADT in their Extended Profile on Cal State Apply is done by the community college via an online verification process.*

## Fall 2018 Redirection Campuses

Eligible applicants will be redirected to one of these campuses listed below.

Bakersfield

Channel Islands

Humboldt

Maritime (Business only)

Stanislaus

San Francisco

Sonoma
