November 22, 2019
Bulletin No. 1
RFP No. 2072: Strong Workforce Employer Engagement

The following information is provided to interested Bidders:

1. Attached is Appendix A which has 2 charts that show the number of awards that each College participating in the Netlab Project has granted per information technology discipline; as well as, the total enrollments per discipline within the same year.

The Completion Chart includes Certificates and Associate Degrees combined.

The Enrollment Chart shows all students enrolled regardless of whether or not they are in school to complete a degree, to upskill, or to transfer to a four-year university. The data in both charts can contain duplicates since the same students enroll in multiple classes.

Sincerely,

Felix G. Sarao
Director - Contract Management and Vending Services
