

**Student Learning Outcomes Committee**  
**Meeting Report**  
**May 2018**

Members: Jose Aguinaga, Lupe Alvarado, Rachel Garcia, Yunion Hernandez (guest), Scott Jaeggi, Aimee Ortiz, Shaina Phillips, Vann Priest, Joseph Rhee, Shelly Spencer, Adam Wetsman

Adam reported that there was not much information to provide in terms of an update from last meeting. Faculty have continued to enter and map outcomes in Taskstream, although the process is moving slowly. There are some issues with respect to consistency as to how people are entering outcomes into Taskstream. This will have to be dealt with in the future.
