

# Student Learning Outcomes Committee

## Meeting Report

### September 2014

---

Members Present: Lupe Alvarado, Alyson Cartagena, Fran Cummings, David Dawson, Dyrell Foster, John Frala, Julie Huang, Mike Javanmard, Karen Koos, Danial Osman, Barbara Salazar, Stephanie Wells, Adam Wetsman

#### Agenda

#### I. General Introductions

Adam Wetsman, the new SLO Coordinator, welcomed everyone. Having been recently appointed to the position, he stated that he is committed to continue the work that had been done by the former coordinator, Matt Koutroulis, and the committee members. Everyone introduced themselves.

#### II. Committee Membership

The Rio Hondo College Governance Manual specifies the makeup of the committee. There was a review of who was on the committee and whether replacements from various areas were needed. Adam was going to work on this over the next month.

#### III. Goals

##### a. Review of Collective Bargaining Agreement

Adam noted that the latest agreement between the faculty and the District specified that full-time faculty members must assess SLOs at least once per year. This new requirement should get more faculty to input data and to assess their SLO results.

##### b. Accreditation

The most pressing issue was the upcoming visit by the ACCJC. Since SLOs have been a major emphasis of the Commission, it was important to wait to see what the outcome of the visit would be and to make any adjustments to our process as needed.

##### c. Ongoing

The committee discussed the need to continue monitoring the quality of SLOs and to ensure that faculty are entering data. In addition, Adam said that he would be updating the SLO website with new information as it becomes available.

#### IV. Adjournment
