- I. Demonstration of TK20 – Rio Hondo is moving to TK20 for use as planning software. The committee previewed how SLOs could be integrated into the planning software since SLOlutions is no longer going to be used. The demonstration led to mixed perceptions since it was not entirely clear how easy it would be to use TK20 for SLO work. The committee noted that more information was needed. Adam Wetsman will follow up with Howard Kummerman to get more information about the potential for using TK20 for SLO work.
- II. Adjournment
