Active Learning Strategies to Promote Student Success

Join us for this professional development training and learn proven methods for empowering your students to achieve their greatest potential in college while employing the active learning pedagogy recommended to positively impact Student Equity, Guided Pathways and AB 705 goals.

The On Course Workshop is a highly experiential event designed to provide faculty from across disciplines with innovative strategies for empowering students to become active, responsible and successful learners.

These learner-centered strategies—representing best practices from innovators in higher education, business, psychology, sports and personal effectiveness—help students become full and active partners in their own education.

You may earn 12 hours of FLEX for 2019-2020 or apply for a limited number of $275.00 stipends available on a first come, first served basis. Indicate your preference when you RSVP no later than June 7th.

There were so many wonderful techniques & strategies that were fun yet educational. These will transfer well to both the classroom and the workplace. Participatory, hands-on learning is so very powerful. The only way to improve on this 2-day workshop is to go to a 3-day workshop. This content is something we should have every faculty member and administrator exposed to.
