

## SUPERINTENDENT/PRESIDENT'S OFFICE

---

Dear Río Hondo Students,

March 20, 2020

As many of you continue to work from home to excel in your classes and/or labs, we have an important update to share with you.

While this will not impact your classes or labs, as of today our campus will move to be fully remote in all operations. This means our main campus and educational sites will be off-limits to students through April 19, 2020. We made this difficult decision to protect your health and well-being, following the California Governor's "Stay at Home" orders announced last night.

As I mentioned above, this should not disrupt your learning. We will continue to provide academic and student support services remotely to ensure your continued success. All classes and labs will continue to be taught remotely. Counseling and tutoring will immediately be available online and by telephone. Student services such as Financial Aid, Admissions and Records, plus all registration and transfer services will be fully available remotely. Please seek assistance as needed.

To schedule a counseling appointment please call (562) 908-3410.

Tutoring will be available remotely. Please visit: <https://www.riohondo.edu/tutoring/> or call Barbara Salazar at 562-463-3123.

Laptops are available for students to check out at the Library at 562-908-3416 or 562-908-3484.

For information regarding the RioSource Food Pantry or any other student services including Psychological Services, please call the appropriate department or Loy Nashua at 562-908-3498.

Our caring faculty and staff are available to support you in completing your studies. Please call, email, or contact your instructor through Canvas if you have any questions or need assistance. If you are unable access Canvas or need technical assistance, please contact your instructor or the appropriate dean.

We value your health, safety, and well-being as we continue to support your academic success. Thank you for your persistence and understanding as we continue to navigate this situation together.

Please take care of yourself and your loved ones.

Warmly,

**Dr. Arturo Reyes**  
*Superintendent/President*
