

NOVEMBER 25, 2020

HUMAN RESOURCES

With the unfortunate surge in COVID-19 cases and the flu season upon us, we would like to remind all staff to stay home if you, or members of your household, are experiencing symptoms related to COVID-19 and immediately seek medical advice. It's always safer to err on the side of caution to protect yourself, your loved one and your colleagues. For more information on symptoms associated with COVID-19, please visit:

<https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>

Employee Case

The College was informed an employee tested positive for COVID-19 on Monday, November 23, 2020. This employee has not been on campus since November 4, 2020. The employee had been in quarantine after family members began developing COVID-19 related symptoms. No other employees were at risk for exposure as a result of this reported case.

Student Case

The College was informed a student attending a one-day Public Safety course tested positive for COVID-19 on November 19, 2020. The course was being taught by POST instructors from an external agency. The class was held on campus on November 18 in the Administration of Justice (AJ) Annex. As an immediate response to protect the health and safety of our workforce and students, the following preventative measures were taken: the classroom, mat room/gym in the AJ Annex was immediately closed. An outside vendor thoroughly cleaned and sanitized with CDC approved disinfectants. We are actively working with the Los Angeles County Department of Public Health (LACDPH) to facilitate their Contact Tracing protocols for identifying individuals who need to be assessed as possible contacts as a result of these reported cases.

Best wishes for a speedy recovery to those affected!
