

DIVISION OF ARTS & CULTURAL PROGRAMS

# GRAPHIC DESIGN

ASSOCIATE OF SCIENCE DEGREE

The courses listed in the Associate of Science Degree are Graphic Designers' product solutions to visual communication problems for their clients' products, services, and messages. The form of the communication can be print or digital, and include photographs, typography, illustration and graphic forms. The work produced includes branding and identity designs, publication designs, advertising, packaging, motion graphics, websites, information architecture, and other types of communication design.

To acquire the **Associate of Science Degree in Graphic Design**, it is necessary to complete the graduation requirements of the College, along with the following:

NOTE: Students interested in transferring a Graphic Design major should consult with a counselor for appropriate general education & major preparation counseling.
