Students may **take one course per semester** on a P/NP basis, in addition to courses that are graded only as Pass/No Pass. Unless otherwise specified, students may choose P/NP at registration or through the last day of instruction (finals week). A "P" is defined as a **C or better**. Courses taken P/NP do **not** affect the GPA, but units are awarded for a "P."

It is important to meet with a counselor to determine if making this change will affect your transfer eligibility. **This petition is FINAL once the P/NP deadline has passed.**

Important: Students may not request a letter grade after the deadlines listed on the Rio Hondo College website and may not request a letter grade for previously completed courses in which they earned a "P."

- I request to take the above course for Pass/No Pass instead of a standard grade. I have read all of the information above and understand this request cannot be reversed after the deadline.
