

Board Goals 2026-2027

1

Build a strong Board-CEO Partnership

Establish and maintain a collaborative and effective working relationship with the new Superintendent/President to advance the District's mission and strategic priorities.

- Support a successful transition through open communication, effective conflict resolution, organizational stability, and long-term partnership development.
- Establish a Board-CEO communication and conflict resolution process.

2

Advance Facilities Projects Through Enhanced Oversight

Ensure timely progress on District facilities and capital improvement projects by promoting transparency, accountability, and regular reporting from staff and project partners.

- Monitor progress toward obtaining Division of the State Architect (DSA) approvals for 2027 projects.
- Receive quarterly project updates from the Program Manager, including project schedules, milestones, and budget status.

3

Support the Implementation of the State's Vision 2030

Advance the District's implementation of Vision 2030 by supporting initiatives that increase student access, strengthen student support services, improve student success, and align education programs with workforce and economic needs.

- Increase student access.
- Increase student support.
- Increase student success.

4

Promote an Inclusive and Supportive Campus Climate

Support continuous improvement of the campus climate by monitoring institutional data related to satisfaction, employee and student experiences, and progress toward reducing systemic inequities.

- Receive a biennial update on campus climate (survey completed Fall of odd years) and satisfaction (survey completed Fall of even years).
- Receive annual update on measures of equitable learning and educational achievement.
- Monitor hiring and retention data.

5

Strengthen Board Governance Through Policy Review and Development

- Develop and implement an on-boarding policy for new Trustees.
- Conduct an annual affirmation of Board service, roles, responsibilities, and governance commitments.
- Review and update Chapter 2 of the Board Policies.

6

Strengthen Community Partnerships and Stakeholder Engagement

The Board will foster meaningful partnerships with community organizations, educational partners, businesses, and other stakeholders to support student success.

- Support the Superintendent/President in hosting an annual State of the College event and/or giving State of the College presentations at local city councils, school boards, and/or chambers of commerce.
